ATLANTA:

BREVITIES.

Forty-two cities of Germany now boast of circulation societies.

From the window of his editorial room the heavy editor of the Kiowa (Kansas) Chief can see the bison graze.

Anna Dickinson is dead. Anna was the principal cat of the Detroit Board of Trade, and her loss is their gain.

Plumed-haired maidens are driving in basket-pleatons on Swampscott beach for the benefit of all whom it may concern.

Jones, of Nevada, is at Long Branch. He has a team of four, and a brilliant education. Jones makes the rounds of every city with success, and thus supplies a measure the loss of Jim Fisk.

Congressman Charles Foster of the Tenth Ohio District, who has gained a good deal of popularity by his effective warfare on General Butler, is suggested as the next Republican candidate for Governor of the State.

Banck Jinn stepped into the cigar store of Banck Jinn, a few days ago, and to buy a cigar. As Americans are not generally good writers, he was asked why he wanted it. "Oh, me play poker—me want to mark 'em cards."

The Macon county, Ala., recommended to farmers to commence the use of fires in their cotton fields and keep them up as long as a caterpillar fly is to be seen. Every fly killed is equal to the destruction of thousands of worms.

That perfumed organ of the black vomit is what a Georgia editor styles an Alabama radical journal.

INTERNATIONAL congresses are just now a popular way of influencing public opinion. A Sanitary congress met at Vienna last month; this month a congress meets at Brussels to arrange a code of laws for the Government of nations in time of war, and on the 15th of next month an International Postal Congress will assemble in Berne, Switzerland.

The beautiful Mrs. Mayo, formerly Miss Burwell; Mrs. Maxall, the fair May Triplett; and Miss Matie Ould, the wondrously perfect daughter of Robert S. Ould, of Richmond, appear to be the topics of conversation in the White Sulphur in the way of personal charms.

With the Czar, Tsarise Billy go to any of the Eastern states, and it is generally arranged beforehand to have their wives at home, in the full faith that those excellent women have reached that period of life when they can be safely trusted alone. Such confidence is unquestionably beautiful and full of glory.

The management of the Chicago Fire Department is声譽ized and condemned as a mere political farce. The project of placing the department under control of a board of underwriters is meeting with a general favor. The underwriters declare it must be changed or they will withdraw from business in that city.

Israe, the barber Congressman from South Carolina, tried to force himself into the dining room of Barrett's Hotel, Suffolk, Va., on Wednesday last. The clerk stopped him at the door, and told him that negroes could not eat with white people. Israe, however, forced his way out to him. Rainey became so violent in his expressions that the clerk took him by the collar and shoved him out.

Mark Twain has a residence at Hartford more attractive to the public than "Irantown" ever was to Bridgeporters. An outlandish, rakish house it is, with unexpected balconies jutting out at every turn, running irregularly up the outside. The whole structure, brick and wood, is painted with the darkest Indian red, and has a sort of drawbridge in the rear reaching over to Warner's house, and a moat for the children to be occasionally rescued from.

Did you ever hear of cucumber toast? It is prepared as follows: Pare and slice, lengthwise, medium-sized cucumbers, in cuts a quarter of an inch thick; rinse in cold water, dip each slice slightly in salt, then put them in a dry pan, using for material to fry them in the gravy in which either beefsteak, veal cutlet, or mutton chop has been cooked; fry briskly until the slices are a light brown on both sides. Have your bread toasted, buttered and chose at hand; slip the slices of cucumber hot from the pan between slices of toast, and serve at once.

The following named gentlemen were commissioned yesterday for their respective offices:

Charles M. McClure, Ordnary, Cherokee County; C. C. Walters, Tax Collector, Colquitt County; T. B. Hume, Tax Collector, Decatur County; Franklin J. Walker, Justice of the Peace, 1,020th District; G. W. Colquitt, Justice of the Peace, Ward No. 111th District; G. M. Carroll County; F. B. Green, Notary, 38th District; G. M. Pulaski County.

The landing of the new Atlantic cable scarcely commanded the attention that a mad dog excites now-a-days. The briny wave has been so thoroughly conquered by man's ingenuity that cable-laying has become a handsome business, devoid of risk or danger. The new cable deserves mention more especially because it promises to reduce the exorbitant ocean rates, and break up the monopoly that the old company has managed to enjoy.

The use of registered letters is rapidly increasing. In the fiscal year which ended June 30, 1873, 2,302,000 were issued to postmasters. In the last fiscal year 3,500,000 were used. This increase is partly owing to a reduction of the fee from 15 to 8 cents, and partly to the great care the Department is bestowing on the registered letter system. It is believed that 5,000,000 registered letters will be transmitted during the current fiscal year.

ATLANTA is rapidly becoming a favorite resort for the spending of the summer months. There is already with us quite a number of visitors, some of whom will remain till fall. Our delightful climate, our mineral springs, our splendid hotel accommodations, as well as vicinity to the finest natural scenery in the State—mountain, valley and falls—combine to make Atlanta popular for summer residence. And there is no city in the land where strangers are more hospitably received, and have extended to them a hearty welcome.

POST OFFICE CASE.

Dr. Bard's postal career has thus far been a series of unbroken triumphs. His genius conquered even the dirty lobby of the office in the Capitol, and transformed it into a place of decency, if not of beauty. But let him not weary in well doing, and especially at this time, when an excellent opportunity to serve the people in his official capacity presents itself. We refer to the Chicago novelty of having letter boxes attached to the sides of cars. The experiment was first tried in that city last October, when 3,900 letters and postal cards were mailed in the letter boxes. The popularity and usefulness of the plan has steadily increased in Chicago from the start, and last month the number of letters thus mailed amounted to 164,113.

Our lines radiate in almost every direction from the center of the city. We doubt whether there is another city in the whole country that is so thoroughly focalized. At any rate, the horse-car lines are like the spokes of a wheel, and this would greatly simplify the proposed plan of gathering letters. One carrier could collect all the letters mailed along eleven miles of track, and have most of the day to loaf in at that. We advocated this plan a year ago, and we feel sure that Gov. Bard can accomodate the people of Atlanta more than he dreams of, by attaching a letter box to every one of the people's carriages.

STATE.

The Columbus Enquirer tells of an attempt advanced civil rights by a woman on the M. & G. Railroad. He entered the first class car and made himself at home according to the "privileges of the bill." The conductor, very promptly, showed him into the comfortable car for the colored people.

From the same paper we learn that an unenclosed first mortgage sever per cent \$1,000 bond sold at auction in New York for \$50.

The Macon county, Ala., recommended to farmers to commence the use of fires in their cotton fields and keep them up as long as a caterpillar fly is to be seen.

Every fly killed is equal to the destruction of thousands of worms.

That perfumed organ of the black vomit is what a Georgia editor styles an Alabama radical journal.

The pain was exruciating, but at 10:30 or 11 o'clock—two and a half or three hours after the bite—he had abated sensibly.

About 1:30 in the morning I fell asleep and awoke at sunrise with complete stiffening of the joints, and a severe pain in the middle of the fourth toe.

I had the orifice of the wound several times touched with the tincture of iodine, and the leg, which was now swollen from the ankle to the knee, was painted with iodine.

The limb was now so anxious looking for a while that I determined to do nothing but to wait.

Mrs. Tilton left her home on Saturday, July 11. On the following Monday Mr. Tilton's preliminary letter to the Plymouth church committee, as given to the press, "On Monday next Mr. Tilton's statement will be held before the committee. Of its contents nothing can now be said. It will tell its own story. But it should be generally understood that if Mrs. Tilton had remained under the protection of her husband nothing the proudest or most enterprising man in the world could have done for her."

Mr. Tilton's statement, as plain as plain statement may be made public, in order that the reasons for breaking a long silence may be properly understood.

THE POSITION OF MRS. TILTON.

Mr. Ovington was called on yesterday morning, at his residence, by an Eagle reporter, and the following conversation took place:—

REPORTER.—Did you make certain statements about the proposed and hoped for recompensation of Mr. and Mrs. Tilton, published in an evening paper in this city yesterday?

MY NAME.
I told the rose thy name—it blushed and
stirred.
It pale trembled as an ectasy,
I cried thy name aloud—and lo! the
bird
Burst into song within the thick-leaved
tree.

I shake it when the morn was gray and
cold—
And straight from out his east up shot
the sun—
I shake it in the night—the clouds that
Above dispersed; the stars came one
by one.
Should any whisper it when on my face
The black earth lies, calm sleeping un-
derground,
I think my heart would beat a space,
As that my lips would tremble at the
sound.
And if before the gates of heaven I
came.
And could for mine own worth no en-
trance win,
I think that then, if I should name thy
The eternal doors would stir and let
me in:

DR. CALHOUN'S LIVER PILLS.

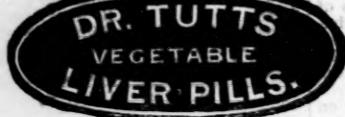

I engaged in the manufacture of the
Celebrated Family Medicine, known as
the Calhoun Liver and Anti-Bilious Pills,
under the direction of Dr. Calhoun, the
Calhoun Bimini. This Pill has been in use
for the last 35 years, and has taken preced-
ence over all other Family preparations by
its great value and efficacy, and is well
certified to their great value if necessary. One
fact should supersede any amount of certifi-
cates, and that fact is this: Dr. Calhoun
has been a Physician to the State Prison for
over seven years, when the number of
prisoners ranged from 30 to 70, laboring con-
stantly at the diseases incident to that state. With
but few exceptions they have all been
treated with this Pill, and astonishing to say
during that long period not a solitary death
occurred under his care. The fact is
wonderful among those of tasteless.

I am now prepared to fill orders from
druggists, merchants and others. All orders
sent me will receive my personal attention.
There is no type of FEVER, DYSPEPSIA,
DIARRHOEA, DYSENTERY, RHEUMATISM,
CHOLESTEROL, MURICATE, BILIOUS,
Etc., Etc., HYPERTROPHY, or other
diseases of a Southern climate, but yield
readily to this preparation.

For 50¢ a box.

None genuine unless it bears the signature
of N. C. Williams and picture of Dr. Cal-
houn. Address DR. CALHOUN, ATLANTA, GA.
